Lions go Dutch in name of friendship

THE Isle of Axholme Lions were hosts to a group of their European counterparts over the weekend, when 20 Dutch Lions and their wives paid a visit to the area.

The friendship will prove stronger as the Isle Lions are to twin with the Lions Club of de Bommel, near Rotterdam.

After their arrival in Hull by ferry on Saturday morning, the party from Holland was housed in their base for the weekend, the Red Lion Hotel in Kettlewell.

Saturday afternoon saw their enthusiastic visit to Lincoln and, in the evening, a social event followed at Beaufort Park, near Scarborough.

Scarborough Transport Centre—the Isle's own motorbus mascot—led a herd on Sunday morning providing a 1960 double-decker bus to take the Dutch visitors on a tour of the Isle of Axholme.

As well as a ride round the Transwert Centre, there was a stop for coffee at Hirst Priory Golf Club and the de Bommel Lions' visit was rounded off with Sunday lunch at Holford's, when all the Isle Lions met all their Dutch colleagues.

Finally, the party was returned to Hull for the homeward voyage and the Isle Lions hope to make a return trip to Holland sometime next spring.

PUEBLO ESPAGNOL BARCELONA

News from the Isle of Axholme

We are now all recovered from our long drinking weekend in Barcelona where we fell in with some Dutch people who also liked drinking!! It was enjoyed by all and we look forward to the next gathering.

May I on behalf of our club extend our very best wishes to to you all at De Bernisse and to your families? We have been twinned for over 10 years now and I think it has been a truly successful International relationship and long may it continue.
